Avnet Companies Converge on embedded world 2018

Terms:

Six Avnet companies - Abacus [1], Silica [2], Integrated Solutions [3], Farnell element 14, [4] MSC Technologies [5]and EBV Elektronik [6] – will be among the estimated 1000 exhibitors at this week's embedded world 2018 in Nuremberg, Germany, Feb. 27-March 1, 2018. Avnet's extensive presence will be spread throughout three booths.

Exhibit Hall 1, Booth #370:

Avnet Silica will be joined by Farnell element 14 and Microsoft Deutschland GmbH in an enormous 2700-sq.-ft. booth. featuring six demo stations showcasing advanced technologies in data acquisition; control; connectivity, safety and security; embedded software and services; storage and innovations from Microsoft, including the Microsoft HoloLens [7].

Exhibit Hall 2, Booth #238:

Avnet Integrated Solutions and MSC Technologies will be announcing new products and services including latest industrial computing modules, new range of Simple Plus custom off-the-shelf touch display, new Industrial Server design and manufacturing capabilities and new IoT ready hardware, software and design services.

Exhibit Hall 3A, Booth #229:

EBV Elekronik will present integrated system solutions and examples of industrial communication, integrated connectivity and security solutions, as well as brand and IP protection.
